

PRODUCT FEATURES

- All chains are available in nickel plated or CR-NI austenitic stainless steel construction
- (AISI 302-304) *Excellent corrosion resistance.*
- Improved clamp design increases film retention and smooth operation.
- Supplied in pre-stretched and matched strands for trouble-free machine set-up.
- Special lubrication applied at the factory, FDA H1 food-approved grease, and improved wear and corrosion resistance.

5/8" GRIPPER CHAIN

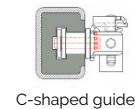

The 5/8" K-chain comes in two spring designs: **round** and **square-hygienic**. The K-style design allows for vertical movement and side rotation, making film engagement and scrap release easy. The square-hygienic spring is especially suited for washdown applications due to its design. 

 5/8" Round Spring Nickel Plated  P31711	 5/8" K-Round Spring Stainless Steel  P32407	 5/8" K-Square Spring Stainless Steel  P32851	 5/8" K-Square Spring Nickel Plated  P33345

PRODUCT SUGGESTIONS

Make and Model

Understanding the specific make and model is vital for determining the correct gripper chain.

Washdown Requirement

If your equipment is washdown, we highly recommend our **Hygienic or Stainless Steel Gripper Chain**.

Measurement Tip

Calculate:
Length of Chain
- Measure Length of the deck of your machine x 2 + 6 feet for the drive.
